

Product Name: QuNeo 3D Pad Controller

Item #: K-707

UPC: 91037003430

Product Description:

QuNeo marks a breakthrough in pad controller technology and design. While covering all of the functionality of other pad controllers, QuNeo adds the power of Smart Fabric to allow for unmatched gestural expression. Each of the pads, sliders, buttons, and rotary sensors are pressure, velocity, and location sensitive. 16 square pads provide velocity response, X-Y location, and continuous pressure. The only limit is your imagination.

QuNeo is the size of an iPad and is road-proof. It works with USB, MIDI, OSC, and will communicate with your favorite music software environments right out of the box. QuNeo is deeply programmable and allows serious electronic musicians the ability to design their own customized precision control palette.

QuNeo can also control 5-pin MIDI hardware without a computer, using the KMI MIDI Expander (sold separately).

Rogue Wireless MIDI Controller Accessory (sold separately) allows for wireless play up to 50 meters from your computer.

Product Dimensions:

9.5" x 7.3" x .3"
24.1cm x 18.5cm x .76cm

Weight:

14 oz. | 396g

Retail Box Dimensions:

12" x 9" x 1"
30.5cm x 22.9cm x 2.5cm

Master Quantity: 20 pcs.

MQ Weight:

34 lbs
15.36 kg

MQ Dimensions:

25" x 13" x 11.4"
63.5cm x 33cm x 29cm
