

Product Name: BopPad

Item#: K-108

UPC: 013964899252

Product Description:

BopPad is the expressive electronic drum pad for drummers, percussionists and producers.

BopPad gives you accurate hit detection (with latency under 3ms!), velocity, continuous radius and pressure.

Four independently programmable zones output MIDI notes, velocity, pitch bend, pressure and location CCs.

BopPad can also operate as a conventional practice pad with a realistic feel and portable, lightweight design.
