

Product Name: QuNexus Smart Sensor Keyboard Controller

Item #: K-708

UPC: 91037484772

Product Description:

QuNexus marks the next generation of music production - the most playable, portable, and powerful MIDI keyboard controller on the market. 25 pressure-sensitive silicone keys and LED illumination make the road-proof QuNexus uniquely interactive and fun to play. QuNexus also features a layer of Smart Fabric under every key that detects your finger pressure, tilt, and velocity, giving you unprecedented control. Each key sends a unique CC# for pressure and finger tilt, Polyphonic Aftertouch and Polyphonic Pitch Bend, providing a world of sound in every key.

QuNexus can connect to nearly any device with the KMI CV Cable Kit or KMI MIDI Expander (each sold separately).
