

Product Name: SoftStep 2 MIDI Foot Controller

Item #: K-712

UPC: 91037792051

Product Description:

Say goodbye to clunky pedalboards - SoftStep 2 combines unmatched functionality and liberating control in one ultraportable road-proof MIDI Foot Controller. Each of the 10 pads is layered with Smart Fabric that detects your foot's pressure and directional movements, picking up the subtleties of your performance. SoftStep 2 is fully customizable with the downloadable editor software and is capable of sending Notes, CCs, Program Change, MMC, and OSC messages from every pad. SoftStep 2 is USB powered and compatible with any music software.

SoftStep 2 can also control 5-pin MIDI hardware without a computer, using the KMI MIDI Expander (sold separately).
